- Kishan vyas : App Developer
- Jay Nandaniya : UI/UX Designer.

Problem Statement

- Challenges faced by farmers and dealers in the traditional agricultural system.

- Inefficiencies, lack of information, and limited access to markets.

Solution
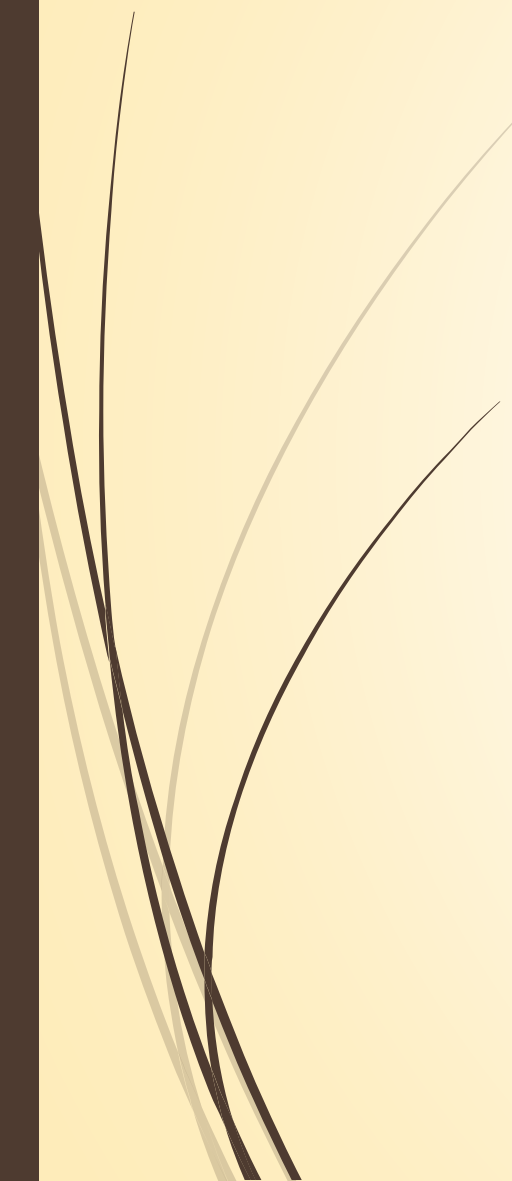

CropYard - Bridging the Gap Between Farmers and Dealers

Empowering Agriculture in the Digital Age

CropYard Features :

▶ User-friendly interface.

▶ Crop information and pricing.

▶ Real-time communication.

▶ Secure.

How It Works
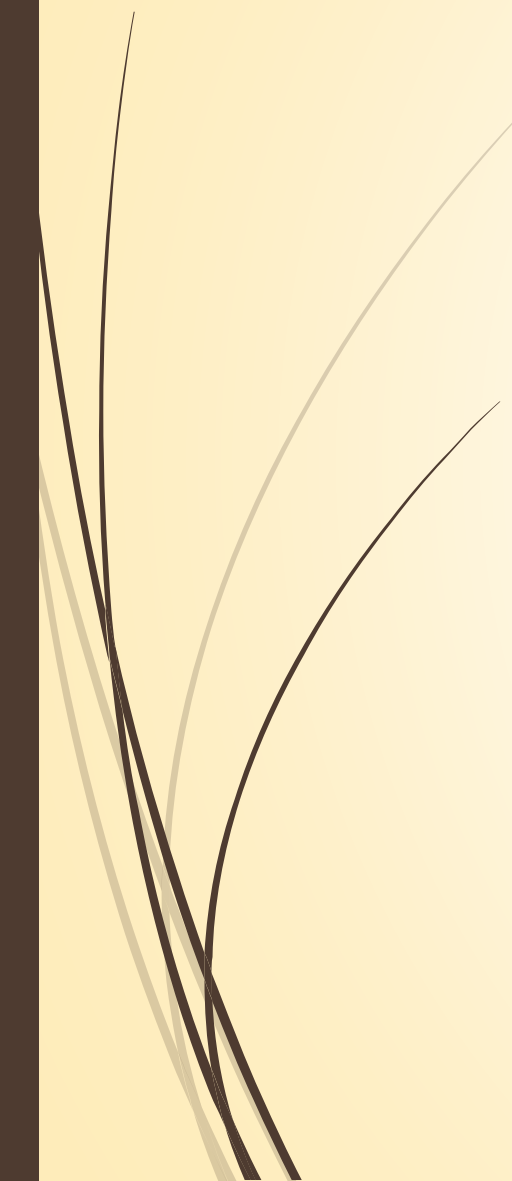

- Flow Chart
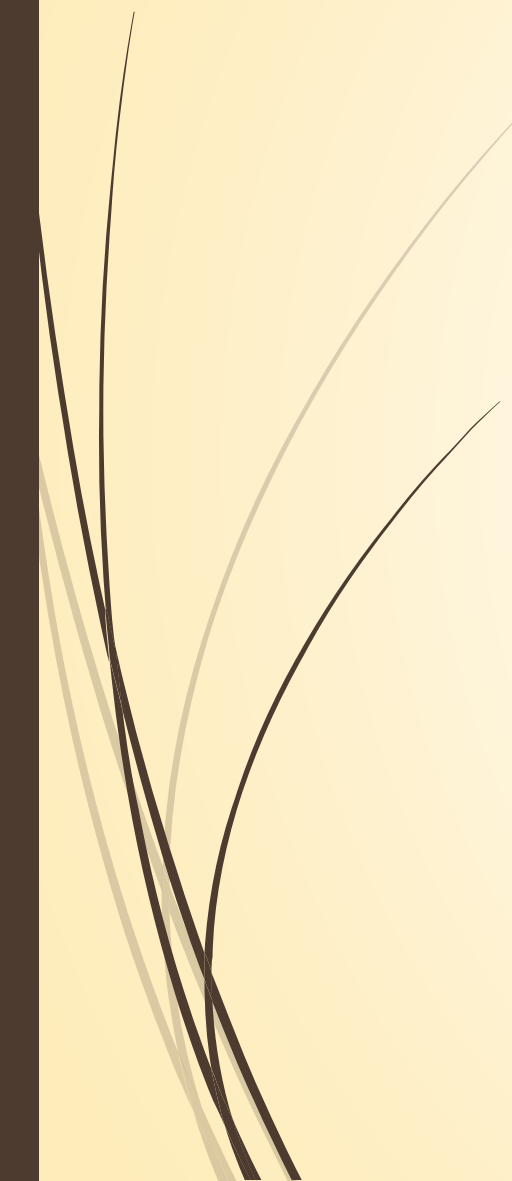

Benefits for Farmers

- Access to a wider market

- Real-time crop information

- Fair pricing and reduced middleman costs

- Increased profitability

Benefits for Dealers

- Access to a larger pool of farmers.

- Efficient inventory management.

- Reduced logistics costs.

- Data-driven insights.
